

GIMSH Teachers' Day Celebration 2018

Since 1962, India has been celebrating Teachers' Day on 5th September as a symbol of tribute and honour to the contribution made by teachers to the society. Respected among society, teachers have played an important role in the overall development of a person. They are capable to influence and mould a student's life positively. Every student celebrates this day to encourage and support the contribution of his or her teacher. Children are the country's future, hence they need to be positively nurtured and that is done best by teachers as children get inspired by their teachers. Teachers enlighten students and shape their career.

The day marks as a day of gratitude and respect to the selfless efforts of teachers. This day is also celebrated to honour Dr. Sarvepalli Radhakrishnan, the great teacher, academic philosopher and India's Second President as he was born on the same day in 1888. Dr. Radhakrishnan was a strong supporter of education. Instead of celebrating his birthday separately he requested to observe the day as Teachers' Day to give honour to all the teachers in India. This appeal demonstrated his love for the teaching profession and since then 5th September is celebrated as Teachers' Day in India.

On the occasion of Teacher's day, took place at GIMSH with great pomp and show. All the faculties were graciously welcomed by our students. Respected Principal Prof (Dr.) G.C Sahoo lit the lamp and gave a heart-warming message to the students regarding the ethos of the nobility of medical profession. Followed by many eminent dignitaries on the dais expressed their views and challenges in the medical profession. Blood donation camp for the students was organized at the blood bank of GIMSH and our students' whole heartedly participated in it. The day was followed by various cultural programs like recitation, group dance performance and songs by the students.
